On Saturday 11th December 7 of our members attended the D Day Story Museum to put on a pre-Christmas display of models which included warships, lifeboats, cars, tanks and aircraft. In addition we also ran a Children's Christmas Quiz with prizes donated by ourselves and the museum. Unfortunately due to the current climate with COVID restrictions attendance was slightly lower that normal, visitors were still impressed with our models and we received a lot of compliments. The event closed at 3pm and a good day was had by all .
